

FIA KOMYSIA!!!

Nakoľko v závode F1 VC Malaysia sa udiali znova neposlušnosti, tak sa FIA rozhodla trestať na základe dvôkazov a faktov! Je nepomysliteľné že niektorý jazdci ako Robert Ecker sa budú správať ako sa správali včera, jednoducho hra ukladá všetky údaje o tréningoch závodoch či už o kvalifikácii. Keď niekto nie je presvedčený o tom čo tvrdí podľa nás by mal byť ticho. Overovať a potom tvrdiť. Potom čo sa tvrdilo že niektorý jazdec išiel na SOFT pneumatikách v kvalifikácii je fakt už veľa. Tu sú dôkazy !!!

```

Toto je dôkaz že jazdec Zoltan Stavina išiel v Kvalifikácii na TVRDÝCH ZMESIACH takže aj fyzika gúm mal takú, čo sa týka časov nie je chyba jazdca Zoltana Stavinu že niekto je slabší vo výrobe stupov!!!
